## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-11, 13-19 and 21-23 are rejected under 35 U.S.C. 102(b) as being anticipated by Gilmore, Jr. (Gilmore).

Gilmore discloses both apparatus and a method for graphically displaying a vector simultaneously along with the numerical values of its vector components, note Fig. 15. Relative to the apparatus note Claim 24 and column 17, line 16 thru column 18, line 24.

### Allowable Subject Matter

3. Claim 24 is allowed.

4. Claims 12 and 20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
